

# Natale 2025

## 12 tavoli / 12 porte

JUNO Design S.r.l X

Confindustria Emilia – GRUPPO GIOVANI IMPRENDITORI

Dicembre 2025

CONFINDUSTRIA EMILIA  
AREA CENTRO  
GIOVANI IMPRENDITORI

# The Additive Manufacturing Galaxy

## Chi siamo

Siamo specializzati in **manifattura additiva** e **stampa 3D industriale**. Nasce nel 2012 come spin-off di uno storico studio di progettazione meccanica (STUDIO PEDRINI) e ci occupiamo di:

- **Design e Progettazione con AM mindset:** dal foglio bianco al prototipo, fino alla produzione;
- **Prototipazione rapida:** tecnologie avanzate come Carbon 3D DLS, HP MultiJet Fusion, Stratasys PolyJet, metallo LPBF e FDM per realizzare componenti personalizzati e performanti;
- **Produzione IN SERIE.**

Collaboriamo con varie aziende dei settori: **automotive, biomedicale, alimentare e packaging**, integrando creatività e ingegneria.

Il nostro obiettivo è innovare, riducendo tempi e costi grazie alla stampa 3D industriale di alta qualità.

# Le porte di Bologna

## Le origini

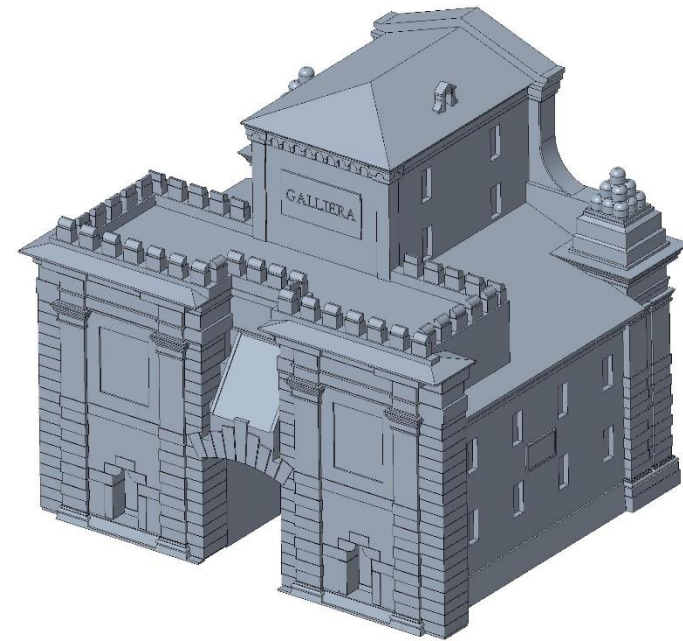

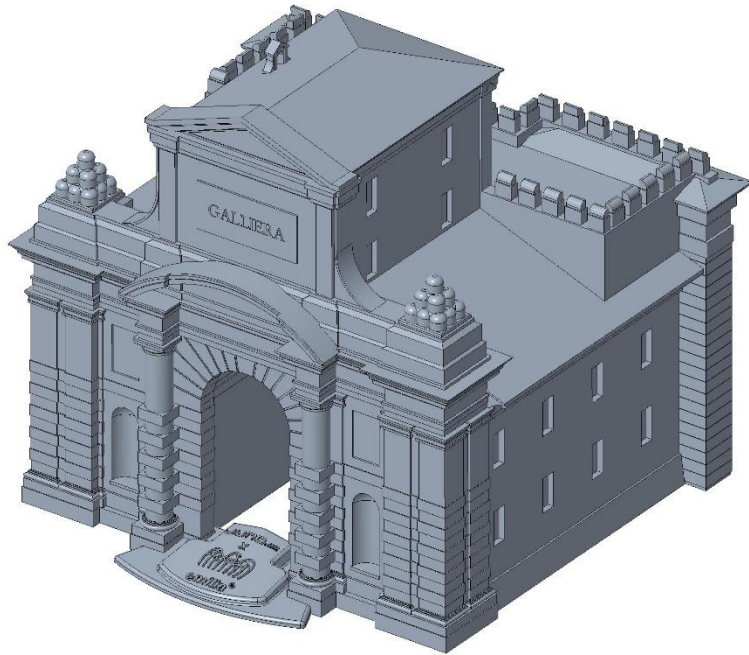

Originarie del Duecento, e modificate più volte nei secoli successivi, l'ultimo restauro è a cura della Banca di Bologna dal 2007 al 2009.

Di dodici originarie ne restano dieci (non esistono più Sant'Isaia e San Mamolo).

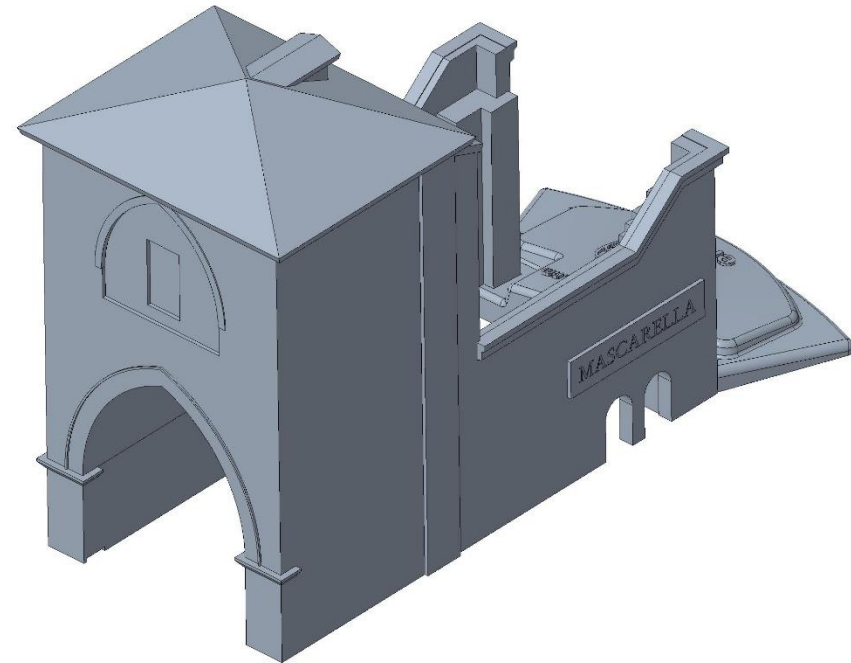

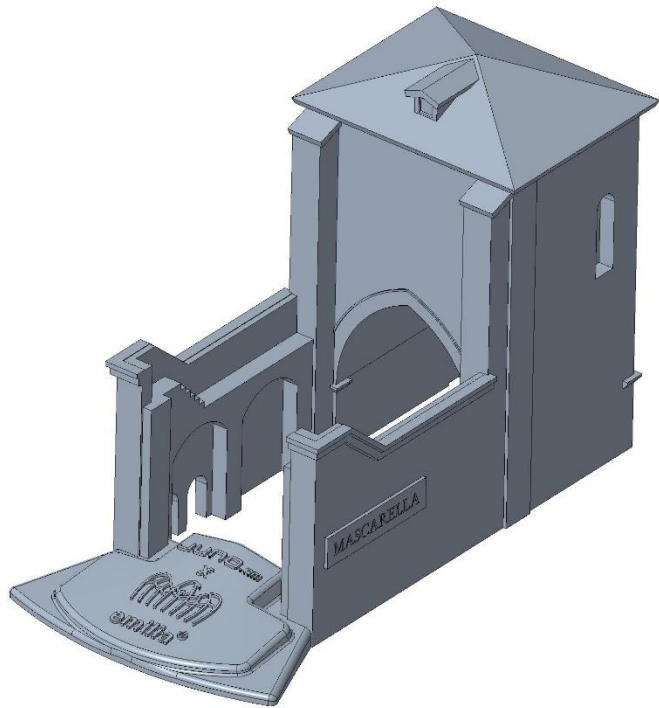

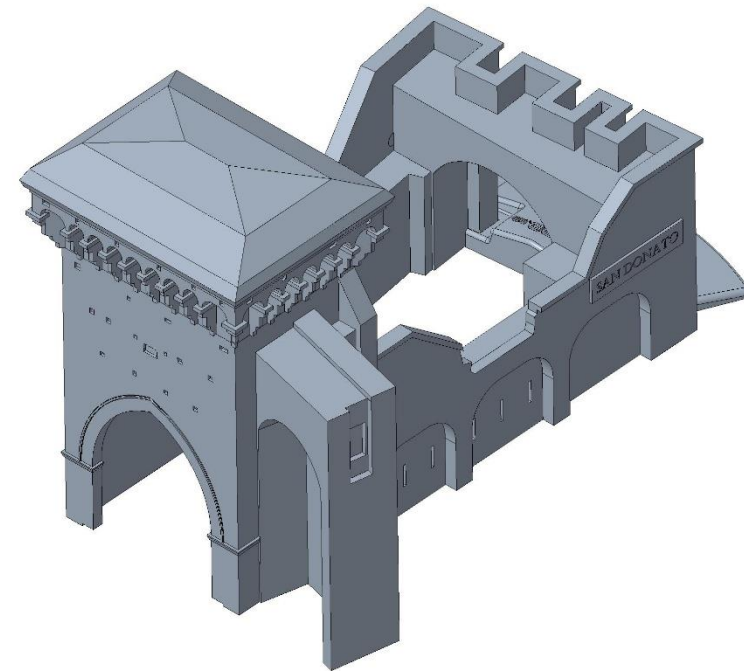

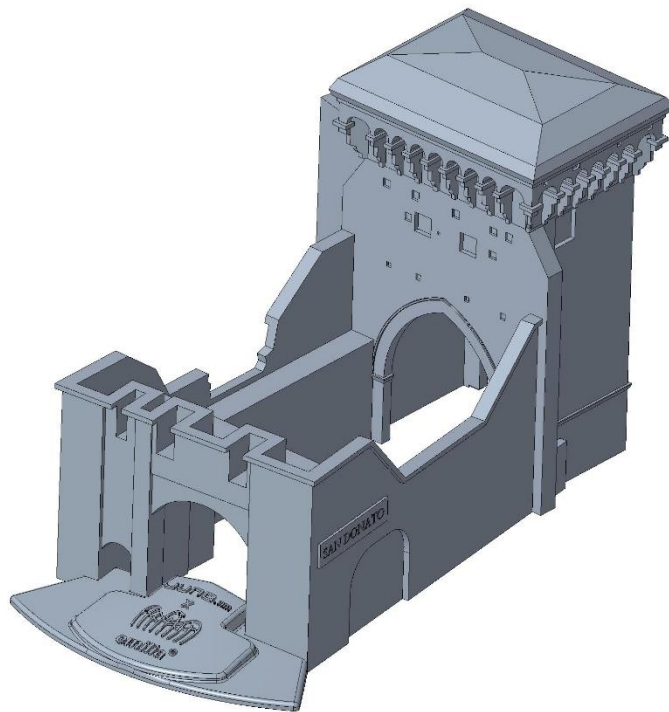

# 1 - Porta Galliera

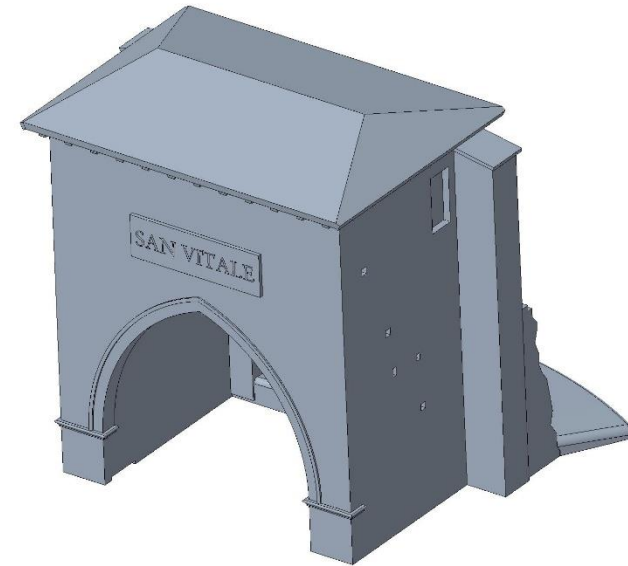

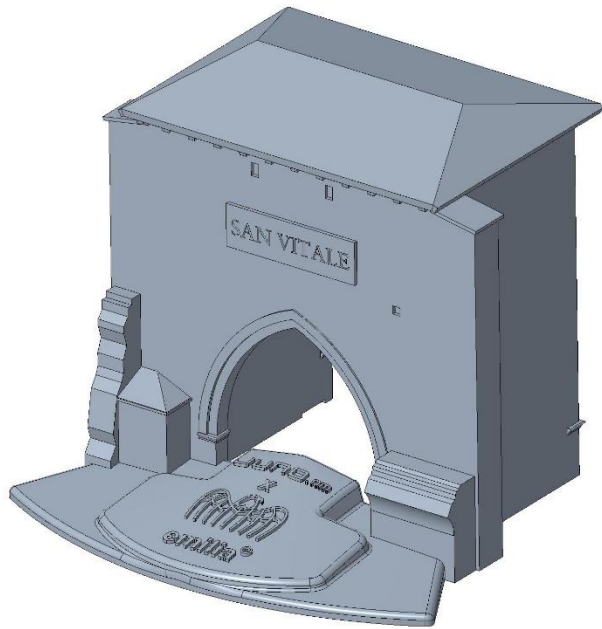

## 2 - Porta Mascarella

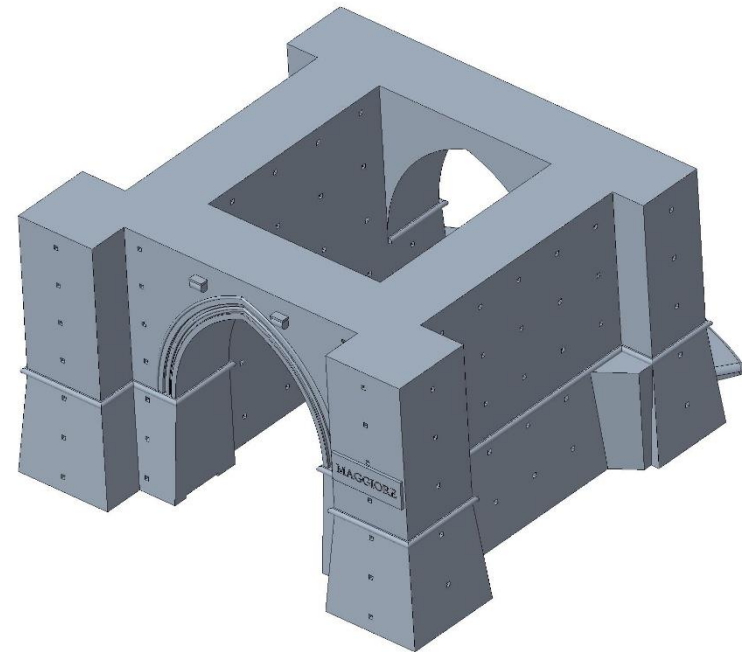

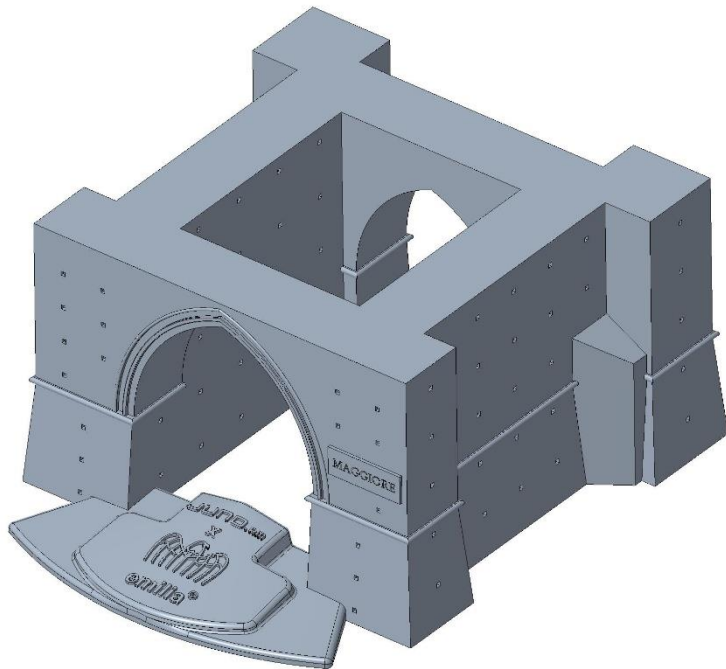

### 3 - Porta San Donato

## 4 - Porta San Vitale
